ABOUT THE 128 BUSINESS COUNCIL:

In 1985, three organizations — GTE Laboratories, Polaroid, and The Nelson Companies — joined together and funded a study of the Route 128 West area between Route 2 and Route 20. The study concluded that gridlock conditions would affect the Route 128 West region if strategies to reduce congestion and increase transportation options were not put in place. The 128 Business Council is a non-profit public/private partnership that was formed to help reduce traffic congestion on Route 128 West by providing alternative transportation services and information.

The Council also works with state and federal transportation agencies on behalf of member businesses. The Council is funded by member companies that are committed to the economic vitality of the Route 128 West area, now expanded to include the region from Woburn to Needham. In 2015, the 128 Business Council continues to provide important alternative transportation services and information for its member companies, in addition to serving as a source for sustainability education and services.

Morning arrival times are approximate and depend upon several factors, including: traffic and weather conditions as well as how many riders are going to different stops on the route. The shuttle will only stop at locations in the morning if riders are travelling there. **Morning arrival times will most likely be earlier than those listed.** To use the shuttle in reverse, in either the morning or the evening, please call the Council. If you have an access issue, an ADA-compliant vehicle can be made available for you. The Alewife Shuttle is a professional commuter service. Foul language and/or inappropriate behavior will not be tolerated and may result in permanent loss of shuttle privileges.
